

# Reflections on Learning<sup>TM</sup>

Inspiring Creative Play and Delivering Excellence

November 2010

## Unbeatable Storage Solutions

New to Reflections on Learning (and available from January 2011) – are these beautiful solid Rubberwood topped standard storage units made from environmentally friendly wood and sold as single (6 tray), double (12 tray) and triple (18 tray) units. They will help to solve your storage needs at a price you can afford.

All of the cabinets are made from sustainably sourced Rubberwood and melamine faced beech coloured MDF, making them environmentally friendly. They accept standard Gratnell school trays (shallow, deep and extra deep) giving them flexibility in use. They come with real solid Rubberwood tops giving them a genuine furniture look and feel and they are available at an unbeatable and unbelievably low price point!

They come as a flat pack and some simple assembly is required but all the runners are in place, so assembly simply involves the sides, fitting to the base and top.

Prices start from £59.99 and they can be purchased with and without trays in a choice of three colours – clear, blue or red. Precision casters are an additional option should you want to wheel them between rooms.

**Notes to the Editor:** The Commotion Group was founded in 1983, specialising in distributing innovative educational products. The company has several catalogues segregated by brand; **Reflections on Learning**<sup>®</sup> focuses on pre-schools and key stage 1 and **Hands On**<sup>®</sup> focuses on primary key stages 1 and 2.

All products contained within the Commotion Group catalogues are carefully selected by our team of Catalogue Consultants and Teacher Advisers whom are fully conversant with all aspects of the EYFS and National Curriculum.
